

I Polymer Alloy Tweezer / 플라스틱 트위저, Rubis®

NK-series (Vestamide)

- ESD safe, conductive plastic tweezers
- Temperature resistant up to 175°C
- Non magnetic, silicone and amine free
- Good rigidity and good resistance against acids

Cat. No.	Model	EA Price ₩
T14-33-260	RU-NK2A	21,300

T14-33-268	RU-NKR	21,300

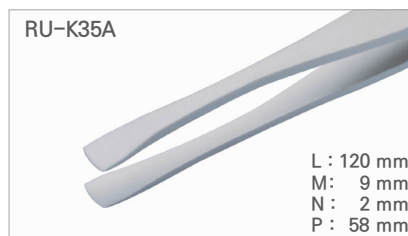

K-series (PBTP)

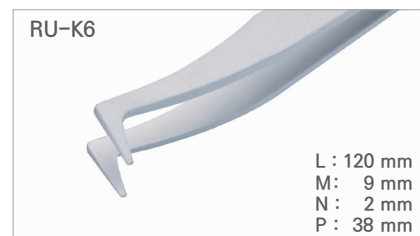

- Highly acid - resistant plastic tweezers
- PBTP (Polybutylene Terephthalate)
- Non magnetic, highly isolating
- Not burring, high resistance to wear and tear

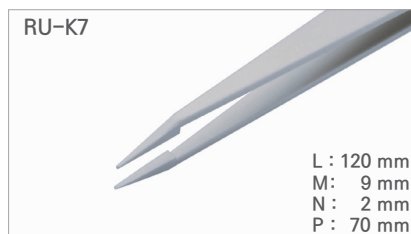

Cat. No.	Model	EA Price ₩
