

Certificate of Compliance

Product name: Petri Dish Ø150

Catalog Number: H10150

Batch Number: 1033824900

Quality System Compliance –Hyundai Micro products are manufactured under the ISO 9001: 2008 Standard.

Sterilization - Product labeled as sterile is irradiated and dosimetrically released upon Korea. Association for the Advancement of Medical Instrumentation (AAMI) (ISO11137:2006) recommended practices in effect at the time of validation.

Sterilization records are reviewed and signed off by qualified personnel for product release. Hyundai MicroLabware products labeled sterile meet a minimum requirement of 10^{-4} SAL (Sterility Assurance Level).

Products Labeled Non-Pyrogenic - Products labeled non-pyrogenic have been validated per USP guidelines on LAL (Limulus Amebocyte Lysate) testing for medical devices and Company guidelines.

Cytotoxicity - Testing is conducted to qualify all material resins using USP standards for cytotoxicity and have been shown to be non-toxic.

Quality Control Testing - Representative production samples are collected and inspected in accordance with current applicable product specifications.

Inspection records are reviewed and signed off by qualified personnel for product release.

The Batch Number on this certificate is synonymous with the Lot Number shown on the product label.

This product met Hyundai MicroLabware stringent quality standards at the time of batch/lot release. Any test results reported on this certificate were obtained at the time of release.

Quality Control manager.
